

# Beautiful Attitudes

February and March 2018. Evening Sermon series

Our Lent series for the 6.30 service is looking at the Beatitudes found in Matthew 5. Very well-known verses I am sure you'll agree so a good opportunity to dig a little deeper into the who/what/why of Jesus words.

You will see not only corresponding passages to help you with your planning but also an individual from modern history who has displayed the characteristics in their lives. If you have another person you know who fits the bill, please use their story instead – the idea is to help people hear real life testimony to how living the words of Jesus makes a difference with the hope that we can encourage others to share their stories too.
