

# Journey through the Lord's prayer

February and March 2018. Morning Sermon series

## the PRAYER course

**Over Lent 2018 we're going to be making time and space in our services to journey deeper in prayer.**

Each week we'll be taking a phrase from the Lord's prayer, this most well known of Jesus' prayers, and digging deeper into some of the big themes of prayer like adoration, petition, and intercession. Along the way we'll cover some of the big questions like how to persevere, how to cope with disappointment, and how prayer might more fully become a two-way conversation of listening and speaking.

We very much hope that the whole service will be picking up each of these themes, with time and space not just in the talk but in the rest of our time together to develop the practice of prayer together.
