

WARDEN'S REPORT FOR A.P.C.M. 15TH MAY 2022

COVID. During this year we have followed the guidelines issued by the diocese and have gradually worked towards more freedom in regular Sunday worship and other meetings in church.

We continue to encourage a safe and sensible approach, e.g. use of hand sanitizer.

CHURCH CLEAN UPS We continue to have regular opportunities for extra cleaning and make opportunities for people to come together so that we can maintain the church and garden at the highest level.

BOILER Despite some very heavy rain and flooding in the local area the pumps and boiler have proved to be effective.

INVENTORY CHECK An inventory check has been carried out and we continue to monitor the fabric of the church.

FIRE EXTINGUISHER TEST. Completed.

QUINQUENNIAL INSPECTION. The quinquennial inspection was carried out in January. Kevin Pilsbury has drawn up a list of priorities.

ELECTRICAL SURVEY An electrical survey has been carried out and all electrical equipment has been P.A.T. tested
