

A vision for the Glebe Field

Our vision is to **care** for and use the Glebe Field in sustainable ways, to **share** it with the whole community, to **integrate** it with the local area and the church buildings, and to leave it as a **legacy** for future generations.

The Glebe Field has been associated with the church at Meole Brace since time immemorial. As part of an agreement with the Diocese, ownership of the field has returned to the local church, and we are once again responsible for it.

We believe that:

- **The church, the Trinity Centre and the Glebe field have been entrusted to us by God to help us in our worship, our outreach, and our service to the people around us.**
- **We have a responsibility to use these gifts wisely and well, and for the benefits of others.**

Therefore:

- We want to **share** the Glebe field with our local community. We will create a space that is safe and accessible to people of all ages and abilities, a place where people can relax and play and find peace in a busy world, and a place where people feel welcomed and accepted.
- We want to **look after** the Glebe Field in ways that will draw people closer to God and his creation. We will manage the field in sustainable ways that will protect its natural diversity and enhance the setting of the church and Trinity Centre.
- We want to **improve** accessibility and integrate the Glebe Field more fully with the local area, the church and the Trinity Centre. We will create a flexible outdoor space that supports a wide range of activities that reflect and enhance the diversity of our church and community life.
- We want to make decisions about the Glebe Field in ways that will maintain **good relations** with our neighbours and **unity** in the church.
- Thankful for what has been entrusted to us, we want to leave a **legacy** for future generations.
